arxiety for that morning there came a flash from the ship herself that the had had to reduce speed to repair a damaged horizontal fil, part of her stabilizing equipment.

For several hours there was unvertainty ashore as to how badly he dirigible had been hurt, but ears were relieved by a message aying temporary repairs had been nade and the ship was bearing on oward Bermuda. The accident had appened between 6 and 7 am, astern time, Saturday, but the ews did not reach America until ome time later.

Conflicting reports were received in to her position in the hours that billowed the accident, but at 10:30

and it was not until Saturday night her position was again made known. At 11 p.m. ah was reported 100 miles northeast of Bermuda.

Saturday night and Sunday were apparently her hardest hours, for head winds beset her and she made slow progress. Sunday noon found her eighty miles east by north of Bermuda, changing her course to avoid the blow. At 3:55 p.m. on Sunday she was sighted by the steamer Lafcomo sixty-two miles east of 8t. David's Island, At 6 p.m. Sunday she passed Bermuda. Alving low and making moderate speed against a twenty-five-mile northwest wind. In another two hours she was a few miles west of the island on a northwesterly hourse, and at 11:20 p.m. she was eported 150 miles west of Bermu-la.

# New Economies...and Greater Comfort

The modern housekeeper has found that with a General Electric Refrigerator she markets less often-and to better advantage. She uses leftovers, well-disguised. There's no such thing as food-spoilage any more!

And she entertains with practically 'no effort because the problem of what to serve has been so happily solved. A tempting mousse or parfait is waiting in the refrigerator—prepared early in the morning or the day before and now chilled to perfection.

The General Electric Refrigerator is really worry-proof! It doesn't even have

to be oiled. Its machinery is safely sealed in an air-tight casing of steel. It operates automatically, quietly - and economically. It is different from all other refrigerators. It has rightly been called "years ahead."

Many women have told us that they find the General Electric Refrigerator par ticularly easy to keep clean. They like the ample broom-room underne They like the freedom from dust. Radistion from the top-coils causes a constant upward air current which actually keep dust from settling. See these new-day refrigerators. And, if you care to, buy yours on a deferred payment plan.

Consul Lowry Reports on Killing of Mining Man by Outlaws in Mexico

MEXICO CITY, Oct. 18. (P)-American Embassy of the killing of Charles Smith, an American mining man at the Aranjuer Mine last Wednesday by a band of outlaws.

Lowry reported that he had consulted Mexican authorities at Jalisco and that troops have been sent in pursuit of the outlaws. He also reported that he had been informed that Smith was an American mining contractor and that it has been requested that Charles Moore of Nogales, Ariz, be informed of his feath,

The report confirmed press dis-patches which said that Smith had refused to deliver money demanded by the outlaws and that he then was killed.

FREIGHT FIGHT HEARD

Question of Split Deliveries Aires in Bay City Session Today

SAN FRANCISCO, Oct. 15. (P)-The practice of "split-delivery" shipments in the intercoastal trade was under fire today in a hearing before Examiner Brown of the United States Shipping Board. The Associated Jobbers of Los Angeles were the complainants in the proceedings, although representatives of trade organizations from San Diego. Portland and Seattle were present.

present.

The jobbers complain that small shippers are allowed by steamship companies to pool their freight and procure carload rates, which they charge is unfair to the larger firms who buy in large quantities to reduce freight rates.

PRISON BAND LEADER MAKES PAROLE PLEA

SACRAMENTO, Oct. 15. (Exclu standamento, Oct. 18. (Excin-sive)—Damascus G. Gallur, leader of the San Quentin prison band, heads the list of twelve slayers who are among the sixty-one prisoners whose parole applications will be considered by the State Board of Prison Directors at its next San Quentin meeting. Gallur, who was convicted in Alameda county, has made several attempts to obtain parole.

# IN APPRECIATION

ODAY, we commemorate the anniversary of our twenty-eighth year of service to the public. To you, our friends and patrons whose confidence we share; to you who recognize tailoring supremacy; to you who have helped us build the finest tailoring salon in America, we extend our heartfelt THANKS.

Your cooperation through these twentyeight years has enabled us to give to discriminating dressers a tailoring establishment in Los Angeles of which we are justly proud; a pride which is reflected in painstaking craftsmanship, in authentic style and in the satisfaction of a distinguished clientele that shares with us a pride in each garment bearing the label, "Tailored by Levy."

Clergy Smoking Move Only Hint

TORONTO. Oct. 15. (P)—The Canadian Press explained tonight that while it was suggested to the chairman of the Ontario Women's Christian Temperance Union at the meeting last week that clergymen be requested to retrain from smoking in public, the matter was dropped when the chairman ruled the convention was not authorized to accept a resolution on the subject.

Ject.

The question was raised in a desire to encourage clergymen to set an example for the younger generation. It was discussed but was not put in the form of a resolution, as first reported, and was not voted on.

# The Weber steps into a new role

For 75 years the companion of great masters.

Choice of famous schools of music.

Favorite of ten European courts, from Buckingham Palace to the Vatican. One of the three great international instruments.

Rich in tradition -- calmly serene in its position. But the venerable Weber steps into a new modern role.

Added to its distinguished line of larger models, now comes a Weber in miniature - - for the restricted space of the modern home.

The Five Foot Weber \$1185

For the first time in the history of music, a plano name of the first magnitude appears on an instrument only five feet long. For the most difficult task in all piano making, is to encompass in small space those qualities inherent in a great instrument. And yet, the construction of the modern home demands a smaller grand plane. Sooner or later, someone had to find the way. And again it was the Æolian Company - - - makers of the Weber. This new Weber is the latest achievement of this unusual organization - - the dominant musical instrument makers of the world. They have perpetuated the fine art of piano making - - and found it profitable. They have brought to its support, unlimited resources, modern facilities, and found buyers for the fine wares of venerable craftsmen. A famous musical research laboratory, and a technical staff centered in five countries, keeps the old art unchanged . but in step with modern needs. From them have come the outstanding developments in the planeforte in the past quarter century - - - including the Duo-Art Reproducing Plane. From them has come the Five Foot Weber. There is nothing we can say for it that you, yourself, will not say. The Weber resonant tone, rolls free and unmuffled, from a small case of charming proportions. Even the design is new in conception. Is your plane too large?

Or, is it small enough, but not good enough? We shall be glad to make an allowance on either

**Eolian Instruments** 

ORGAN

Audiographic Music

- - so that you may have your Five Foot Weber. The balance may be paid in two years.

makes possible ajestic's low p

HE reasons for the amazingly low selling price of the "much talked about" Majestic All Electric Ra-receivers are as easily explained as it is for you to lerstand that six eggs can be boiled in the same water, with the same heat, and in practically the same period of time that it would take to boil one.

Specially designed machinery and tools, used exclusively in the manufacture of Majestic Radio Receivers and Majestic Dynamic Power Speakers which are self contained in all Majestic models, produce efficiently and quickly, in one operation, from six to a dozen parts for Majestic receivers where former methods made

possible the building of but one.

COMPANY

In order to realize just what progress has been made in the building of better and more efficient radio apparatus with these new and better methods of manufacture you

should see and hear Majestic for yourself . . . let your own eyes and ears convince you of its superiority. Then you'll KNOW why Majestic

leads the industry in every way.

(Exclusive)—While the people of all countries of Europe are for Herbert Boover for President because of gratitude for his war relief work among them, the politicians of Europe secretly are opposed to Hoover fecause they realize he will never reason to scaling down or canceling their debts to the United States." Gen. C. P. Herrill, New York attorney, reported to Republican national headquarters today. It said his views are the result of a tour of nine European countries on which he took particular pains to note reaction to the American Presidential contest.

James R. Sheffield, former Ambassador to Mexico, was another caller at national headquarters and indorsed Hoover with the statement that "no man in the United States is better qualified by fraining, experience and temperament than increase the people in their dealings with other nations."

The party has placed the State among those to be found in the Democratic column next month, and is making a determined drive for the eighteen electoral votes which the State postesses. Less than two weeks ago the Governor's running mate, Senator Robinson of Arkansta, delivered addresses at Springfield Kansas City and Columbia, and the campaign here has been placed under the personal supervision of Senator Hawes.

At a press conference on board his special train late today Gov. Smith announced that he would discuss "Coolidge economy" in his speech tomorrow night at Sedalia.

Questioned regarding campaign plans after his speech in Chicago Friday night, the nominee said nothing would be added to the schedule in the way of additional speeches.

IVANHOE RETURNS TOLD

TSALIA, Oct. 15.—During the season just past receipts received by the Klink Citrus Association of the Ivanhoe District near here totaled \$502,817.85. According to Jack Reed. manager, this was the highest mark in history of the organization, \$224,534 being the largest amount received previously. Sales this season amount to a net income of \$308,529.84 for grower-members.

GET NORMAL RETURNS

HANFORD, Oct. 15.—Kings county, creameries will pay \$39,987.77. In current settlement with dairymen for last month's deliveries. In addition \$35,000 will be disbursed for milk and cream for shipments to cities elsewhere and for home consumption, or a total of \$428,987.17. The settlements are on a basis of \$4 to \$6 cents for butter fat in cream and \$61 and \$67 for butter fat in milk at the ranch. While the bulk of deliveries is slightly under last month there is an increase in prices paid the dairymen that makes up for diminished deliveries. Otherwise conditions are about normal for this season.

UDALL AGAIN HEADS ARIZONA DRY FORCES

PHOENIX, Oct. 15, (P)—Arizona's prohibition forces again will be directed by John H. Udall, who today was reinstated to office as deputy prohibition director. His appointment was made in Washington on the 1st inst. Udall resigned here August 6, last, to enter the gubernatorial race on the Republican ticket.

DINUBA, Oct. 15.—At the annual meeting of the Alta Nuba C' b, local sports organisation, the following officers were elected: President, George Price; vice-president, Jason Wright; secretary, Walton Guffey; executive committee, Earl Johnson, Maurice Bryant, Walter Raubinger and Orton Sells. Maurice Bryant, retiring president, and Alfred Bell, retiring secretary, were presented with gifts from the other club members.

## MEXICAN SEABOARD REVIVES

Kettleman Discovery Wins New Following for Stock; Was Lately in "Cat and Dog" List

BY EARLE E. CROWE

How fortunes in the sil business swiftly change is illustrated by the checkered career of the Mexican Seaboard Oil Company, now once mora in popular favor. The Kettleman Hills discovery by this company, which may have sensational proportions, has attracted the attention of the speculators again, and yesterday the price moved up to a new high at 41 in the Los Angeles market. Earlier in the year Mexican Seaboard sold around 66 a share.

When Mexican Fetroleum, the old Doheny company, was the star performer in the oil list, Mexican Seaboard relied along with considerable success, partly in reflection of the public interest in the Doheny company and partly because of the prosperity of the Mexican oil industry. In 1921 the stock sold as high as 36.

FORTUNES CHANGE

year, a gain of \$3,462,190, or 165 per cent.

Gross sales amounted to \$84,509,-304, compared with \$55,608,409 in the same period in 1927. Decrease in gross sales was offset by a corresponding decrease in operating expenses, which totaled \$44,197,315, against \$46,746,154 in 1927, a decrease of \$4,547,839.

Comparative consolidated income statement of the company and subsidiaries shows earnings equaled \$2,42 a share of 2,290,412 shares of capital stock outstanding, against \$1 cents a share on 2,290,412 shares of capital stock outstanding, against \$1 cents a share on the same capitalisation A year ago.

LONDÓN, Oct. 18. (Enclusive)—
The stock market had a steady tone this morning, although the supply of buying orders over the week-end was very small. The industrial group was less active with talking machine issues in supply, especially machine issues in supply. Aspecially article and columbia shares. The artificial silk group had a firmer tone and textile issues were in better demand. The mining list ralicial stock outstanding, against \$1 cents a share on the same capitalisation.

The gift-edge division had a quiet

# When Bolivia Borrow IT PAYS ITS DEBTS PRO

As the third largest country of South America and one of the largest in natural resources, the Republic of Bolivia not only has the ability to pay its debts; but what is more important, it is always ready and willing to meet these obligations promptly as due. This is attested by the fact that for more than half a century, debt obligations incurred by the Republic have been promptly paid.

# \$400,000 Gordon Creek Coal Company

First Mortgage 7% Sinking Fund Gold Bonds

The Columbia Trust Company, Salt Lake City, Utah, Trustee

Mr. John Heiner, President of the Company, has summarized his letter to us as follows:

HISTORY: Gordon Creek Coal Company, incorporated under the laws of the State of Utah, in October, 1925,
owns and or controls through leases 1960 acres of coal land in what is commonly known as the Gordon Creek District of Carbon County, Utah, which county produces over 90% of the entire coal output of the

It is said by competent authorities that nowhere in the United States are more favorable conditions found for nomical extraction of high grade bituminous coal. The thickness of the veins permits the employment of mechan-loading equipment, thereby materially reducing operating costs and producing a larger percentage of lump sizes, ch command higher prices in the domestic market.

EARNINGS: Based upon a careful estimate of savings in operating costs to be effected through the use of additional mechanical equipment provided for in this financing, and upon contracts for the sale of 150,000 tons of annual output at prevailing prices, Mr. Maurice M. Johnson, Consulting Engineer, has estimated the

SINKING FUND: The Trust Indenture securing these bonds provides that the Company will set aside a reserve out of its feceipts from all sales of coal mined from the Trust Estate an amount equal to 20c per ton for each ton of 2000 pounds of coal mined and sold during the period commencing January 1, 1930, and continuing so long as any of these bonds are outstanding; all sums so reserved are to be paid by the Company to the trustee in semi-annual installments on or before January 1 and July 1 of each year, commencing July 1, 1930. Sinking fund moneys may be used by the trustee for the purchase of bonds of this issue in the open market if obtainable, at or below the call price, otherwise to be redeemed at the call price. It is estimated that this entire issue will be retired at or prior to maturity through the operation of the sinking fund.

CAPITALIZATION: Upon completion of present financing, the capitalization as shown by the Company's balance sheet prepared by Messra. Haskins & Sells, is as follows:

These bonds are offered subject to approval of Mesers. Gibson, Dunn & Cretcher, attempts of Los Aifornia, and Mesers. Dey, Hoppaugh, Mark & Johnson, Salt Lake City, Utah, for the Underwriters, a Shields, Esq., attorney at law, Salt Lake City, Utah, for the Company, and the authorization by the Sta Commissioner of Utah.

# The Business Man and his Bank TAX EXEMPT

LEO M. MEEKER

President, Pan American Bank of California

VIOST of the men I have come in contact with, as a banker, are men who are building businesses — men who have not yet reached their

For the most part they have been young men, or men who have stayed young, and who bring to their administrative work a vigor and enthusiasm and continuous driving power that has clarified distinctly in my own mind the kind of bank these business men like best.

A bank large enough and strong enough of course, in the experience and observation

matter of capital and resources -but over and above this, the bank that suits these men is a bank operated in tune with present day business methods.

Business men of today want bankers of today.

In the building up of several banks in Southern California during the past few years, including the Long Beach National, First National of Riverside, First National of Beverly Hills, the First National of El Monte and the First National of Monte and the First National of Garden Grove, it has been my

that the type of business men of whom I speak, the younger, aggressive type — want prin-cipally two major things in the bank with which they do business:

# Factors Favorable to Service and Growth

When my associates and myself were invited to take over the control and operation of the Pan American Bank of California several months an opportunity to direct a major banking institution in downtown Los Angeles along exactly the lines I have found to be so successful else-

Our location at the corner of Broadway and Eighth is quite probably the exact business heart of the downtown district—and convenience of location is an important item to business men who have frequent occasion to call at their bank personally.

The arrangement of the banking room is such that myself and the other executive officers of the bank are easily and immediately available to customers for the high degree of personalized service it is our realize to resonalized.

The accounts on the Pan American books I find represent a most satis-factory character of clientele, among them many business houses to whom we expect to be of genuine

For a bank not yet two years old the Pan American statement indicates a yery healthy condition:

Capital - - \$1,000,000 Surplus - - \$ 250,000 Deposits - - 95,000,000 Assets over - \$6,000,000

Following our taking control, the Pan American Bank was elected to membership in the Los Angeles Clearing House Association.

Despite the extended banking ex-perience of the other officers of the Pan American and myself, I feel

business men who are still building their businesses — men who are working long and hard, just as we are, to expand and develop their in-stitutions.

I believe this is the type of business man who most keenly understands and appreciates the service he can secure from a strong, growing, downtown bank where the executive officers are on the banking floor day after day available for personal contact.

If you are a business man interested in that type of banking service you are cordially invited to come in and meet personally C. L. Hill, Vice Pres-ident, P. W. Hall, Vice President, S. A. Lanning, Cashier, J. M. Mc-Evers and H. S. Pierce, Assistant Cashiers, and the writer,

A Second Opportunity

econd Twin Bell Syndicate

After returning to original unitholders all their investment, the TWIN BELL OIL SYNDICATE, out of the seduction from two wells at Santa Fe Springs, has paid a dividends on the capitalization of only \$300,000.00, he sam of \$2,058,000.00; original unitholders receiving a return of all money invested and approximately \$100.00 invested. The Syndicate is still paying 12% per year and the present market price of mile is above now.

THE TWIN BELL PROPERTY, LYING AS IT DOES ON TELEGRAPH ROAD BETWEEN THE BUCKBEE DISCOVERY WELL AND THE GETTY NO. 17 GUSHER, IS AGAIN CONCEDED TO BE SQUARELY ON TOP OF THE STRUCTURE.

In this same property the SECOND TWIN- BELL SYNDICATE contemplates drilling two wells to the deep cibes Sand, one of which is now down to a depth of the standard of the stand

The SECOND TWIN BELL SYNDICATE will receive at the production from the new wells (after the 25% owner's royalty is paid) up to the total amount invest in drilling operations, after which the production in the divided on a fifty-fifty basis between the Oil Syndian Relationship in the Twin Bell of Syndian Relationship in the International Relatio

periles and general management are under the services of the same Trustees—W. B. Allen, P. H. and Thomas H. Lipps.

the same as the Twin Bell Oil Syndicate, to-wit, 100,000,00. No promotion or free units will be issued.

A limited number of units at \$20.00 per unit are affered to the public. Subscriptions will hanced in the order received. For additional information apply to

# Sperl Field

AT SPERL FIELD will be carried on all of the A various activities of the Harry Sperl Aero Corporation. Here LOCKHEED and CURTISS planes are demonstrated and sold. Here is being established the Sperl School of Aviation. Chartered planes owned and operated by the Harry Sperl Aero Corporation take off and land at Sperl Field in pursuit of Commercial Flying. Orders for Aerial pho.

Flying. Orders for Aerial pho-tography will be taken and filled here. Visiting ships of the air from nearand far will find at Speri Field nearand far will find at open Field the necessary requirements of service, repair and replacement, or refuel. Speri Field, in a word will become a hub of areo activity in Southern Calafornia.

In the establishment of this com-pany we felt that one of the first fundamental elements of success was a well conceived, properly located and correctly built flying field. And Sperl Field, when com-pleted, will meet every aviation requirement for day or night fly-ing—for sales and the service of planes.

That commercial aviation, and the airplane, as an accepted and highly practical mode of trans-portation has arrived goes without saying.

With it has come this great new business of dis-tribution! With it will come the big profits and highly satisfactory returns on the investment pertinent to a basic industry.

Because the distribution of Airplanes as a sound commercial business venture offers the same or greater possibilities than the automotive industry did at its beginning, it is only reasonable to expect the same great profits.

In this connection the Harry Sperl Aero Corpor-

what we consider the two best airplane distribu-torships in the country - LOCKHEED and CURTISS-recognized as the two topnotchess From the LOCKHEED factory we own the distributing fran-chise for the 5 Pacific Coast States

Facts

commercial aviation is the most rapidly developing in-distry in America today.

there is a ready made, ex-panding and waiting ma-ket for the airplane distrib-utor.

the next year will see the greatest increase in private-ly owned planes since the beginning of aviation. over three fourths of the United States today is cov-ered with Commercial Avia-tion Routes.

more money will be ex-pended next year on Air-ports than ever before in the history of flying.

a quota of plane deliveries every month.

In a like manner we have the distribution of CURTISS planes for Southern California.

We have Speri Field already in operation. We will appoint dealers to represent us and sell planes for us in the principal cities of the Pacific Coast. We will endeavor to make this company one of the outstanding leaders of Aviation in the west.

Those are just a few of the highlights on the progress we are making—and you can still become a past of this great un-dertaking.

of preferred and one share of sommon at \$30 per unit.

Only enough of this stock will be sold in complete the financing, before application is made for listing.

If you are interested in the remarkablemoney making possibilities and the unusual opportunity of a profitable investment — NOW at the inception of this new industry you will be interested in knowing more about it.

You will be interested in reading a book that we have just published and that fully describes all of the details — answers every question.

If you are a prospective investor this book "On the Western Skyline" will be sent to you Free and seithest the slightest obligation on your part. We want you to have all of the facts and figures so that you may judge for yourself. Your copy will be sent upon request — either telephone, call in person or mail this convenient coupon.

# **THANKS**

I sincerely thank you, who stepped up and placed a bet with me on my No. 1 well at Santa Fe Springs.

Be assured, I deeply appreciate the confidence you have reposed in me and my project by your wonderful support.

In keeping with my previous pledge, I assure you I will be on the job night and day protecting your investment and prove to you that your confidence was not misplaced.

After all, action speaks louder than words, and as this goes to press No. 1 is drilling at 2345 feet. Thanks, Thanks Again.

The Hollywood-Santa Monica-La Brea Chamber of Commerce has called a meeting of all merchants on Fairfax avenue, La Brea avenue and Santa Monica Boulevard to discuss plans for co-operation of these merchants in Business Stabilization Week, which the Chamber of Commerce is sponsoring. The meeting will be held this evening at Flummer Park Hall, 7405 Santa Monica Boulevard.

The dates set for the stabilization week are the 22nd to 27th inst., inclusive. It will climax on the morning of the 27th inst, with an industrial parade and will end that night with a street dance to be held at La Brea avenue and Santa Monica Bodlevard.

NANCY CARROLL WITH STAR.

NANCY CARBOLL WITH STAR

NANCY CARROLL WITH STAR

Namey Carroll, the New York show girl whose part in "Chicago" brought her fame in Hollywork has completed her cycle of success and is returning to Manhattan. She has been cast for the ingenue lead in George Bancroft's current starring picture. "The Wolf of Wall Street," according to word from the Paramount studies. It was Miss Carroll's success in the role of Roxy Hart, the publicity-seeking sun-moll of the stage play "Chicago," that first brought her to the attention of Hollywood's picture makers, who saw her in a Los Angeles theater during the run of the show.

Pans are already under way for the decoration of the New York and spools, and to make the theater with pumpkins, black cats, spooks and solding, sold in sale with case in spooks and solding sold in the interior at fun." on the night when the witches ring of the show will go on as usual, with surprises and novelties added to the regular program.

The current "Night Club" Idea continues without Texas Guinan, who appeared the opening day only, according to information from the above.

More than 600 bears were killed in Pennsylvania in 1828.

#### **CHENIER CLOSES OPERA SEASON**

Brilliant Audience at Shrine for Last Production

Rethberg, Danise and Barra Labor With Dull Work

Too Much Giordano Palls After Third Presentation

BY ISABEL MORSE JONES
The bright sun of the Los Angeles Grand Opera season has set. The last aria was sung at the Shrine Auditorium last night when Rethberg, Barra, Danise and a large company presented Giordano's "Andrea Chenier" before a large audience. The opera series did not close in a blaze of glory. On the contrary, "Chenier" failed to revive the tired opera lovers who persevered to the end of the series. Even a Rethberg was unable to redeem it from extraordinary dulliness, although her beautiful tones and the schooled artistry of Danise with moments of beauty from the orchestra admitted the only occasional light.

# EARLY WESTERN BAD

Brings Drama The Egan Theater last night was the scene of the premiere of "The District of his conducting.

Andrea Chenier' for various reasons of convenience, it regist be more acceptable in midselson rather than as last senture of farewell or, as has been done previously, as an opening.

The financial success of this season assures Los Angeles of even greater operatic effort in the filled the Philharmonic Auditorium to capacity last Priday evening upon the presentation at "La Enemiga," the Spanish version for a studience which filled the Philharmonic Auditorium to capacity last Priday evening upon the presentation at "La Enemiga," the Spanish version for a supported by a capable cast reason assures Los Angeles of even greater operatic effort in the filled the Philharmonic Auditorium to capacity plants as any opening.

The financial success of this season assures Los Angeles of even greater operation of the present series has been well attended and supported by a capable cast reason assures Los Angeles Grand Opera have drawn more than some operas have drawn more than saminter any the structure of "The Jam's Amiversary was celebrated to the present of the season of the season of the present of the season of the supported by a formation of the support of the present of the present

# BARZEDDE

# completes one of the most amazing voyages in the history of aviation

Mark up another record for the perilons westward pas-sage from Europe to the United States. Begin a new chapter in the history of aviation with the name of this latest and greatest conqueror of the Atlantic.

And while the whole world is ringing with praise for the skill of its German builders and the daring of its German navigators . . . remember that out of all the motor oils in the world, they chose an American product to guard their marvelous motors and to contribute its own superb performance to their success, the NEW VEEDOL Motor Oill

The giant bird leaves its home nest. The Graf Zeppelin ready for its epoch-making flight

with the aid of THE NEW MOTOR OIL

five Maybach motors proved that Veedol's heavy body, 100% paraffine base, and super-heat resistance are engineering facts . . . not paper claims.

And by this latest flawless performance, the NEW VEEDOL proved again that Commander Byrd chose wisely when he picked the NEW VEEDOL.

. . . that Bernt Balchen was right when he chose the NEW VEEDOL on his hazardous flight to rescue the

... that Martin Jensen, famous trans-Pacific civilian flyer, spoke with knowledge as well as enthusiasm when he said: "I'd trust my life and my motor to the NEW VEEDOL any time!"

..., and that Clarence D. Chamberlin and Colonel Arthur C. Goebel are displaying faultless judgment in now using the NEW VEEDOL exclusively.

Byrd, Balchen, Goebel, Chamberlin, Jensen, Stinson, Rasche... all using and proving the NEW VEEDOL Motor Oil! No other oil was ever used by such a famous group of aviators. These and acores of other flyers have tried them all and have settled definitely upon the NEW VEEDOL... The same air-proved and road-tested motor oil that you can buy for your own motor car.

New car or old car, drain and refill with the NEW VEEDOL Motor Oil for greater economy, better mileage, and for the same faultless performance that sets records on the road as in the sky... Look for the crunge and black Veedel sign ... Tide Water Oil Sales Corporation.

The good wishes of the whole world followed the Graf Zeppelin arrow the Atlantic

# TAX ERROR TEMPEST RAGES

Council Hunts Storm Cellar of Blamelessness as Inquiry Thunders Reverberate

The City Council yesterday disclaimed any blame in the reckless stamping of tax bills, which caused an uproar among hundreds of tax-payers, and demanded an investigation to find the culpable parties, while County Tax Collector Welch thumbed a copy of the Statutes and ents to the Codes to show justification for the mix-up.

Amendments to the Codes to show justification for the mix-up.

Welch says Chapter 745 of the honoice sent up among property owncode-book shows an amendment to
Section 27 of the 1911 Improvement Act which demands this statement be stamped on all tax bills:
"There is an assessment lien on the
property which must be paid to the
Bureau of Street Assessments of the
City of Los Angeles to avoid foreclosure."

Councilman Alber presented a rescountry.

Bureau of Street Assessments of the City of Los Angeles to avoid fore-closure."

Despite the context of the state-ment, Collector Welch says the law demands the stamp on tax bills sent out on property that has a lien on it whether or not the assessment has gone to bond. He says the amendment was conceived and passed at the instance of several civic bodies to protect the owners against lien sharks.

STORM STILL BAGES

The storm of protects which the content of the Councilman Randall said that it was up to the Council to find out who was responsible, to reprimand the person or department and to make certain that the trouble does not recur. Councilman Alber's res-

## SHRINE VANGUARD ARRIVES

Imperial Potentate Jones Heads Party Here to Make Reservations for 1929 Convention Delegales

The vanguard of 100,000 Shriners arrived here yesterday for a three-conference to arrange accommodations for delegates to the fifty-h annual convention of their order, scheduled to convens here in June,

ducted for the visitors at the Biltmore yesterday. He expressed his appreciation for the way Los Angeles Shriners are backing the convention here and for the co-operation heing received in lining up business details necessary in housing the thousands of Shriners who will come here next year.

More than 6000 cheering Shriners gathered at the Shrine Civic Auditorium at Royal and Thirty-second streets last night to pay homage to the Imperial Potentate and to welcome the visiting Shrine convention officials to the Southland. In honor of the occasion approximately 100 candidates were conducted across the proverbial 'hot sands' of the desert at Al Malaikah Temple. Led by Director of Ceremonials 'Stan' Bruner, the candidates were given an initiation that will be remembered long by them and those who witnessed the ceremony.

In spite of the presence of many high officials of Shrinedom, there was an entire absence of formality which appeared to please the Imperial Potentate.

CHIEF RABBAN HERE

The present Shrine leader attended his first annual convention twenty-two years ago in Los Angeles. Since that time he has been a Masonic leader, having been of Grand Master and Grand Commander of the Knights Templar in Texas. He was made an emeritus member of the national imperial council last year. He is an attorney of Houston, Tex.

Included among the Shrine leaders who are conferring here are Esten A. Fletcher, Chief Rabban of Rochester, N. Y.; James C. Burger, Imperial Treasurer of Denver, Colo.; alfred B. McGaffey, Past Imperial Treasurer of Santa Ana.

Imperial representatives include the standard of Los Angeles; Henry C. the standard of Los Angeles; Henry C. Santa Ana.

Imperial representatives include the standard of Los Angeles; Henry C. Santa Ana. CHIEF RABBAN HERE

Akm. Past imperial Potentate of Santa Ana.

Imperial representatives include John J. Sweeney of Phoenix, Ariz.; J. F. Pullen, F. F. Atkinson and Fontaine Johnson of Sacramento; Henry C. Ozley and Eugene Reed of Birmingham, Ala.; R. C. Hamilton of Detroit, Mich.; J. D. McGillovay of San Francisco; Viator Wankowski of San Diego.

Before attending the services in the Shrine Auditorium last night, Imperial Potentate Jones was also honored at a testimonial dinner at the Biltmore.

Local Shriners who have been Post L

Sensational developments of the charges made against Mae Murray, a motion - picture actress, by Jack Donovan, Hollywood architect, failed to materialize yesterday when only non witness was called before the investigating body for questioning. The witness was J. E. Davis, former butler for Miss Murray, who, Donovan says, witnessed the actress' signature to an inventory of household articles listed in a home sold to her by Donovan.

Miss Murray recently won a judgment for \$32,000 against Donovan in 1 suit in Superior Court, in which she charged that the architect had misrepresented the furnishings in 1 2 home. charges made against Mae Murray,

she charged that the architect had misrepresented the furnishings in 1 2 home. According to Dep. Dist. Atty. Eagan, in charge of grand jury matters, the Murray investigation at present is at a standstill. He intimated there is not sufficient evidence to substantiate Donovan's charges that Miss Murray sought to cover up certain details during the civil suit in Superior Court. However, the matter will be placed before the grand jury for disposition, he said.

A Practical Youth

Imperial Potentate Jones was also honored at a testimonial dinner at the Biltmore.

# SEIZED IN AUTO

High-Proof Canadian Alcohol Found Under Apples

Shipment on Way to Become "Real Old Bourbon"

Sure-Shot Detective Stops Car After Chase

Twenty-five five-gallon cans of Canadian "red-top" 180-proof nico-hol, which, as police figured it out would have developed into \$16,000 worth of "high-class" holiday Bourbon whisky were confiscated by Detective Lieutenants Leelle and Washburn of the police gun squad early yesterday, when they chased and captured Joe Lewis, 23 years of 199. of 1538 Murchison street. The exciting before-dawn chase, which ended when Leslie shot the tires from the rear wheels of Lewis's automobile, took place north of Girard on Ventura Boulevard.

ALCOHOL LOCATED ALCOHOL LOCATED

formation that a "load" was nuggled into the city for dist in to local manufacturers

ORDER BRINGS SPEED

ORDER BRINGS SPEED

Inder a sloping pile of apples the detectives said they found the alcohol, which is a brand, according to police, used by local bootleggers to manufacture the majority of what is sold as "real stuff" at 88 a quart.

I feature of the chase was the use by Leslie of the rifle used by Pancho Villa, the Mexican guerilla chieftain, which was presented by a former El Paso Chief of Police to Detective Lieutenant Lucas, until recently head of the gun squad. Bullets from this 20-30 carbine were this ones which perforated the tires on the rear wheels of Lewis's car.

#### Webster Takes Chair at Meet of City Council

Councilman Webster presided as acting president of the City Council on account of the absence of President Bonelli, who is on his Led by Frank C. AND THE THE SHOOTH PRESENTED BRIDGE.

ADMINISTRATE OF OTHER SHOOTH PRINCIPLE SHOOTH PARTY OF THE SHOOTH PARTY O

ing left for Smith to say.

This leaves the epposition no course except to set up imaginary straw men and knock them down again, and to proclaim and protest that Smith is as much devoted to prosperity as is Hoover. No man, of course, wishes the nation ill; but Smith is unable to demonstrate that he knows what to do while Hoover proves his complete familiarity with the subject of the nation's business at every turn. Hoover has wasted no time in making replies to hypothetical objections and rhetorical questions; he has not attacked his opponents; he has simply ignored them.

This new method in debate will another the strategies of the strategies of the same that the subjections are the subjections.

This new method in debate will appeal to thinking people as far more effective and satisfactory than the give and take of the old-time hustings. As a discussion of the effect of the tariff on domestic industry and on foreign trade, Hoover's Boston speech repays careful study, because his words are the words of an expert who makes his audience. of an expert who makes his audience feel that he knows what he is talking about.

In the course of his address Hoover made a complete reply to Smith's tariff speech of Saturday, demonstrating the fallacy of the revised Smithian scheme for a tariff commission by pointing out that the question of what rate of duty shall be imposed at our ports of entry is far too important to be delegated to any body not directly under control of the popular will.

any body not directly under control of the popular will.

The Tariff Commission," he said, "is a most valuable arm of the government. It can be strengthened and made more useful in several ways. But the American people will never consent to delegating authority over the tariff to any commission, whether nonpartisan or hipartisan. Our people have a right to express themselves at the ballot upon so vital a question as this. There is only one commission to which delegation of that authority can be made. This is the great commission of their own choosing, the Congress of the United States and the President. It is the only commission which can be held responsible mission which can be held responte to the electorate.

"Those who believe in the protective tariff will, I am sure, wish to leave its revision in the hands of that party which has been devoted to establishment and maintenance of that principle for seventy years."

Seventy years."

Smith, newest convert to the protective principle, which he has denounced repeatedly in the past few years and which his party has opposed consistently in every campaign up to the present one, can find much food for thought in those pregnant sentences, but he will find again "nothing to argue about."

Nor will he find anything to argue about in this summary of Hoover's of the facts of tariff experience in the past few years:

hits than the whole twenty performers on the Cardinal pay roll. As also more than the rest of their own Yankee companions. They are what the sports patronizing bootleggers. would call a great pair to draw to. So far as Babe is concerned they will have

T HE amazing increase in the num-ber of police dogs in Southern California may affect the fire alarm practices in a practices in number of towns.

And if it does not it should.

Now that police dogs are something of a fad, n at urally many are owned by people who are out a good

deal at night and leave the dogs are something of a fad, naturally many are owned by people who are out a good deal at night and leave the dogs at home alone. And nothing grows more happiness than a lonesome police dog. They are all pessinists when it comes to telling the world how neglected they are all pessinists when it comes to telling the world how neglected they are and when one hears another how mountuily he is fired by an ambition to show how much more mournfully he can how. Many of the smaller eities around Los Angeles sound fire alarms by means of a whistle—a yowing blast which Milton would have described as linked menancholy long drawn out. And when the police dogs hear that, they set out a wail of their own which fairly drowns out the whistle.

We know of one suburb in which a movement has started to petition the City Council to have the fire alarm changed to a cheerful series of short, snappy toots. And we predict that the plan will spread like wildfire or dog howis if it offers a real remedy.

Clear on One Point

Clear on One Point

Leeside: Recent court decisions bar a pedestrian from damages if he starts into the street before the second traffic bell rings and is struck by a motor car. Not understanding why any motorist should be driving so fast at a busy intersection that he couldn's stop for the first bell, as law requires. I put this up to my neighbor. couldn't stop for the first bell, as law requires. I put this up to my neighbor. Socrates. Perhaps I should explain here that I am an ex-pedestrian who has crossed the Styx. Sox applied his well-known method of inductive reasoning, and this is the answer he got: "It seems clear that most of our judges are motorists."—Mac.

MAXIM WILDE.

of your prophet friends who guess right come telling you they told you so. Our experience has indicated that people with the I-told-you habit always disremember how wrongly they guessed and come around and brag just the same.

The Test of Arder

Lee: Pootball in Los Angeles attracts the most amazingly large crowds, season after season, that can be found anywhere. Yet even here people do not take the devoted, ardent, passionate interest in football that they do in baseball. You never hear of the bleacherites pop-bottling the football referee.—A. D.

All Gummed Up

Edward Feegan writes us that these radical speakers never stick to their subject. He avers he heard one in the old plaza last Sunday morning, who demanded: "Vot is dis country gumming to?" But he didn't say a word about Mr. Wrigley.
For the gentle-man's information, our observation is that this country, mainly, is gumming to street-car and theater seats.

#### THE OPEN-SHOP MOVEMENT

(Los Angeles as an open-shop city and some of the benefits it enjoys thereby in contrast to certain comparable union cities are set out in this article which appears in the current issue of the Industrial Digest, New York, over the name of Edgar Lloyd Hamilton.—Ed.)

The climax of the struggle for ndustrial control in Los Angeles, known to every business man and worker in the United States, and worker in the United States, arrived in the shape of a tragedy. On the night of October 1, 1910, the Times Building, at First street and Broadway, was dynamited and the lives of twenty employees were snuffed out. On the heels of this tragedy, the local Liewellyn Iron Works also was dynamited.

The Law of Beaction

It is safe to say—and upon this point there is really no room for doubt—that the perpetration this point there is really no room for doubt—that the perpetration of these two great crimes, with their consequent loss of life, settled in Los Angeles the openshop issue for all time. The ferocity of the acts so revolted the public mind that all branches of society turned actively against the union and its methods. Thus, as in all other phases of human conduct, not action, but reaction, furnished the impulse that produced the final result; the violent labor agitator supplied the ammunition which wrecked the cause that he so vehemently advocated. Today Los Angeles is the one outstanding example of the open-shop movement in America.

characteristics of the constitution cannot be addeduced to the constitution of the con

#### IT'LL BE A BUSY WEEK AT BERKELEY

KILLEFER BELLS' NEW PREXY

BAN PRANCISCO, Oct. 15.—Wade (Red) Killefer was elected president of the Mission baseball club of the Pacific Coast League at a meeting of the directors today. The directors accepted the resignation of William H. McCarthy, previously tendered, and in addition to Killefer, Victor Klinker was elected vice-president and Howard S. Lorenz, secretary.

It is anticipated in baseball circles that McCarthy will be a candidate for the presidency of the Coast League when that body holds its annual meeting next month at Portland. McCarthy was head of the circuit until the "Big Pive" ousted him in favor of Harry A. Williams at the famous Catalina Island meeting five years ago.

#### COMPTON GRIDDERS

TRIUMPH Santa Monica Eleven is Snowed Under by Lions in

27-to-0 Clash

BY BOB RAY

Six City League grid squads yesterday settled down to the business of once more getting pepped up for the warmed-over opening games that the vice-principals put back in the open when it rained last Friday.

It looks as though all of the elevens will profit by the extra week of practice and the boys ought to be able to dish up some pretty good football next Friday, considering the fact that the games will be the first of the league season.

DAVE SHADE DEFEATS JACK WILLIS HANDILY

CHICAGO, Oct. 15. (P)—Dave Shade, shifty San Francisco middle-reight, easily won a ten-round de-ision over "Cowboy" Jack Willis of San Antonio, Tex., in the main event on the boxing program at White City tonight.

M R. ROBERT ZUPPKE of the University of Illinois expressed his idea of football victories the other day as follows:
"Superiority in line play, other conditions being equal

All good coaches know that, but the average spectator look oursiled when he is told that Howard Jones, for example, spend more time with his line than he does with his backfield men.

Heralded far and wide as a molder of all-American backs the Trojan coach knows the best runner in the world is almost helpless behind an ineffective line. Jones spends hours and hours with his forwards, knowing full well that if they do their part the man with the ball will be a here in spite of himself.

ranged show of youngsters the Olympic has a seek-end. His line did not look its best against St. Mary's Saturday. It was outcharged many times, and it was outfought when seek other four bouts underneath Torres and National-mail "naturala."

A fighting California line pitted against the line play exhibited by the Trojans in the St. Mary's game is likely to bring victory to Bear banners—in spite of Don Williams.

California has plenty of reserve strength. St. Mary's didn't, and when Ackerman and Tobin took a beating that forced them to leave the game there was no one to carry on as they did in their tackie berths. The Bears will not be so handicapped.

Jones has a backfield problem this week, but it will take care of itself if his line gets to hitting on all cylinders instead of spasmodically.

ANOTHER KNOT

PREMATURE PUBLICITY

THE all-American publicity about Mr. Its Prankian, St. Mary's end, seems to have been quite premature as noted by most everybody at the Collecum the other day. Prankian is a hard tackler when he gets a good short at a runner, but at spilling plays, diagnosing them and in general doing the right thing at the right time he was anything but. Mr. Frankian had a great chance to be a here early in the game by catching a long forward pass that found him in the clear. But like Lot's wife he turned to lock once too often and that extra lock cost him the sacre.

THE NATIONALISTA BIFF
THE little Filipino with the big kick in his right mitt has a tough
test ahead of him at the Olympic tonight. Young Nationalista is
meeting Johnny Torres, up and coming Mexican youth who also can

kick as well as box. It's only a six-rounder—Torres's managers would stand for no more because of his brief career to date—but it will be a whirlwind while it lasts, six rounds or less.

Torres has been fighting scarcely a year and has had only about twenty—five fights, but in the last two he defeated Frankie Graham, brother of the bantamweight king, and Huerta Evans. That's enough to stamp him as an arrival. And he's taking a tough boy in Young Nationalists, who had Fide! Le Barba reeling dizzily about the ring in the latter's last engagement in this city.

### BRUIN TRACKSTERS AT WORK

Practice for this year's track team at the University of Califorteam at the University of Califor-nia at Los Angeles started yester-day afternoon at the Bruin insti-tution under the direction of Coach Harry Trotter, track suits being issued to all men wishing to try out for track berths. Approxi-mately 125 men answered Coach Trotter's call for tracksters, many veterans turning out for this year's competition.

competition.

Led by Capt. Alex Gill, sixteen men from hast year's varsity track team turned out for the first gracitics session of the year. Besides Gill, the veterans are McCarty, quarter-miler; Badger, Riddlek and Perrin, all of whom ran in the half-mile last year; Waite, Smith and Drury in the distance runs; Wilson in the sprinting events, and Braniman, Cuthhert, Hoyle, Hill, Smith, Jerry, Russom and Steward in the field events.

In addition to this stand of ex-

Steward in the field events.

In addition to this stand of experienced tracksters, several stars from last year's freshman track team appeared on the field yesterday, the best of which are Cameron, Fishkin, Thurman, Lillyquist and Dennis. Coach Trotter is counting on Cameron to come through in the sprints to replace Tommy Miles, star in that event last year, who has not returned to school this fall. The return of Al MoNeigh, froch letter man in 1926, will also aid the squad materially.

This year is the first that the U.O.L.A. track squad will be under the "Big Top" in the Pacific Coast Conference, but the Bruin tracksters should make a very favorable showing in the stronger

CERS AT WORK

CONTROLL THE CONTROLL

STRONG LEGS NEEDED

Ankle-bending exercises are also to be recommended. Strong kness and ankles are a great asset. A bump on the shoutler does not necessarily keep a player out of the game, but it may be different with the knes or ankle.

A team of sleven good tackiers is hard to beat, whether strong or weak in other departments of the game. Some players merely hug or embrace or attempt to grab an opponent. A good tackier tries to huri his weight into the opponent with the purpose of throwing or driving him. Back and not merely holding him.

Develop peripheral vision. This enables a niave of the strong that the purpose of throwing or driving him.

McCaslin, Edelson and Boren Out of Bear Game

lones Moves Steponovich to Running Guard

Ritchey Takes Edelson's Job at Inside Halfback

Rams Saunders and Edelses were the other "civiliand present in addition to McCanillo present in addition to McCanillo present in the McCanillo present in the despe is that Saunders will be in shape to play. The California game always seem to bring tough luck to the volana. Last year Charley Boten as laid out three days before the truggle and the season before that of the regular missing this Sauriarity to combat. The Trojans managed to win both times, but with here regulars missing this Sauriarity it may be a different tale. In lact, it appears that it will take apprhuman playing by the seen left to pull the game out of the first, far in better physical condition than their foca.

Jones was in the most transibility and the trojan career has night and one by the seen left to pull the game out of the first, far in here to get up and do something about R. He let 'am have beth barrels yesterday.

After an hear's defensive seminange against California hours in heart one pensing the Spartane-there seriams play with second-stringers opposing the Spartane-there seriams are in heavy werk—lenses lake part in heavy street promise of being in pretty good shape for the stringer, Jones influenced with the first time in ten days, give premise of being in pretty good shape for the stringer, Jones influenced by the proposition of the seriam of the stringer of the

SHIFTS RITCHEY

As to the backfield changes, go Jones shifted Bert Ritchey to Edelson's inside halfback position. The colored boy didn't look so hot Saturday, but was handicapped by an injured knee. As this mends he should improve in his blocking and interference running. Lloyd Thomas was at outside half and Don Williams at quarter.

With Saunders not yet available and Ritchey moved to inside half, Jones used Jess Hill at fullback. If Hill only had a bit more experience he would open against California Saturday. He's a faster starter than Williams and carries plenty of punch when he hits.

williams and carries plenty of punch when he hits.

The Trojans have only three more days if work before the game and what days of toil they will be shifting so many men around doesn't make for smoothness and Jones will drill 'em long and hard this week in an effort to gain precision of team play.

Ted Sahlberg, former pitcher at the University of

received by Michigan, North-western and Chicago. Ohio, State, staging a come-back, must hurdle Michigan to stay in the running this week. Wis-consin, Minnesota, Iowa and Hitness are in the unbeaten class but the Hilini face a rugged test against Indiana, which took its first Michigan scalp last week. The Kansas Jayhawkers, after be-ing tied by Washington, move against the Kansas Aggies this week as Missouri and Iowa State, two other members of the new Missouri Valley Big Six, also clash. cision of team play.

Before practice a member of the medical staff asked Jones if he planned to have scrimmage.

"From the looks of things I doubt if we scrimmage again this season," was the Trojan mentor's reply. There wasn't any heavy work but that hour's drill against the Spartans didn't come under the heading of child's play, by a long shot.

two other memors of the Missouri Valley Big Six, also clash.

The Southern spot light, aside from the Georgia Tech-Notre Dame event, turns on Alabama's attempt to move along at the expense of Tennessee and Vanderbilt's drive against Tulane after two note-worthy intersectional triumphs. The Centanary "gentiemen," with the scalp of the famous Texas Aggles at their belts, have their toma-hawks out for another Southwest-ern Conference team, Baylor.

The point tabulation of the Big Ten, showing number of games played, touchdowns, points after touchdown, field goals, total team and opponents' points: the heading of child's play, by a long shot.
As player after player showed up sporting a cane, Jones sadly opined that "It might be a good idea to buy forty or fifty sticks and pass them out in advance, inasmuch as they are getting to be so stylish."

they are fully worthy of a trial at ball-carrying.

Prior to today's workout, Price gathered his gridaters together for a typical heart-to-heart talk on the glaring errors of the Cougar contest. The same fine spirit which has characterized the Bears' practice all season, was evident today when the squad went through the customary light Monday exercises. There were no apparent serious injuries as a result of the muss-up with Coach Hollingbery's Washington Staters. Although no definite word has been released, it is posof the practice field to every one sible Price will close the gates this week. This is a custom for the Stanford match. Owing to the increasing importance of the Trojan encounter it may be extended a benefit for the standard for the standard match.

ounter it may be extended the third period. The Quakers had the ball on the Buildogs' 10-yard line and Quarterback Adams elected a pass on the fourth down. The pass falled, the ball being knocked down and Pasadena took the ball

Ted Sahlberg, former varsity pitcher at the University of Southern California, will report for spring practice with the Chicago baseball club of the American League, having recently signed a contract with Danny Long, White Sox scout. Sahlberg, a mountainous fast-ball hurler, hung up an enviable record while twirling for the Trojans. In three years of service he lost but four league games, and on the recent Japanese tour won seven out of sieven starts. At present Sahlberg is connected with Dr. Lovell's physical culture institute, and is pitching Sunday ball with the Hollywood Athletic Club. In his most recent start he bested Griffin of the Boston Red Sox. 4 to 2, in a four-nit game.

ACID TEST IN RING SENTINEI BABES TRIM SPARTANS

Thursday night's show at the Pasadena Arena is especially designed to give the each test to Richard "Rib" Frazier, latest fistic discovery of the Crown City. Frazier is billed to meet Gunner Joe Noto, all-navy featherweight champion, in the ten-round battle topping an inviting card.

Another great navy fighter, Johnsty Lancaster, who holds the middle-weight title for all of Uncle Sam's fleets, will meet Jack Gibbs in the six round semifinal. Four-round fights completing the card will be:

Ray Cardinas vs. Chick Peralta, all 38 pounds; Domingo Suzana vs. Dud Craig, 120 pounds; Pete Cardinas vs. Ray Molina, 126 pounds. The Inglewood Class B The Inglewood Class B Sentinels got lucky and defeated the Huntington Park lightweights, 12 to 6, yesterday. Both touchdowns were the results of lucky breaks. A Spartan back fumbled the initial kickoff, and Inglewood promptly recovered. Patterson plunged over for the touchdown. In the second period Inglewood punted, and a Spartan back, in blocking out a man, inadvertently touched the ball. Inglewood recovered on the 5-yard line and Bithel went over. The score: Huntington Park (6) Inglewood (12)

RAIL RATE ON GRAVEL as Fight Sequel HELD FAIR Gets Under Way

State Commission Decides Action Brought by Three the Na Southern Counties

Trial of two suits, one brought by G. A. Fields and another by his wife, Beulah, each for \$50,000, against W. A. Grinton, owner of a duplex apartment at 3116 South Stanford avenue, was begun yesterday before Superior Judge Collier and will continue today.

The actions, joined for trial, are on a complaint for damages asserting assault and battery.

According to the testimony of the Fields they were preparing to move from Grinton's apartments on September 15, 1926, when their landlord appeared on the scene and demanded some rent that was due, the demand emphasized with a blast of profanity.

Fields, in testifying, declared he objected to Grinton's language, whereupon the landlord attacked him with a hammer. Later, Mrs. Fields endeavored to part the men

Delegation Due Tomorrow for Two-Day Frolic

their pleasure without permission to the commission.

The latter part of the ruting covered an objection by the counties to the present rates on rock for public improvements. A special low rate for public works was in force until February, 1926, when it was withdrawn by the railways. The counties contended that the special rate should be restored because the commission had not approved its removal. The commission held that its consent to the discontinuance its consent to the discontinuance fradant conce was contended to the rate was not necessary insumuch as the reduction was voluntary.
